

SL-MATRIX™ Z-Cord® Plus AC Power Cord

SL-Matrix Z-Cord Plus is a larger (.561") power cord that handles the job of delivering distortion free transmission of AC power to your audio appliances. This cable set is on par with the world's best AC cords, and is built with trouble free Marinco Green Dot plugs (hospital grade) for a secure grip and years of trouble free connectivity.

Perfect for use with any MIT Z filter, like Z Traps, Z Strips and the Z-powerbar where you may not need additional filters.

Features and Benefits

- *3X12 AWG OCC (Ohno continuous cast) copper conductors for lowest resistance over distance*
- *Three separate conductors with TPE (Teflon®) dielectric (Red, Green, Black)*
- *Double shielded for optimal field coupled noise rejection*
- *Foil shield for UHF rejection*
- *Braided shield for noise rejection of lower frequencies*
- *110-220V 20 amp*
- *CL/3 and FT/4 rated for conformity to international fire regulations*
- *Precision twisted for optimal noise rejection*
- *Additional shield can be terminated to facilitate star grounding circuits*

MIT® products are manufactured and sold exclusively by CVTL, Inc.
